HOW TO FIND US

From Machynlleth centre follow the A487 for 0.7 miles toward Dolgellau until you reach Pont Dyfi Bridge. Continue to follow the A487 for 1.4 miles until you reach a steep lane on your left.

The lane can be found soon after passing a house on your left and there is a traffic mirror on the opposite side of the lane. Take the lane for 200 yards and you will pass a bungalow on your right. 50 yards after the bungalow turn right down a narrow steep track toward the campsite.

INFORMATION LEAFLET

ABOUT THE SITE

The site consists of a 4-acre field, bounded by a stream on one side and a fence on the other, with a further 20 acres of woods adjacent. Up to four Groups may be in camp together (up to 100 people in total).

There is a small providore, which sells badges, sweets etc. and a fridge is available for quartermasters' use. The ablution block contains toilets, washbasins and showers, all parts being accessible by wheelchair.

Hot water is normally available until 9 a.m. and by arrangement at other times. The use of altar fires is required. Wood for burning is available from the woods, although campers will need to supply good bushman saws and axes.

There are Pioneering poles available, but not ropes. The area has some good hill walking and bicycles may be hired locally. Other attractions include the Tal-y-Llyn Railway, the Centre for Alternative Energy, and a leisure centre at Machynlleth.

Shops and public transport are 3km away and the site is open from April to the end of October.
